Ahead of the Pack

CommBox is a market leader in the manufacture of Interactive Touchscreens. A preferred partner of Samsung Commercial panels, CommBox has invested heavily in the research and development of interactive touchscreens for over 10 years.

Features of CommBox Interactive LED screens include:

- Commercial grade High-definition LED panels 1920 x 1080p
- 4mm high toughened Anti-Glare glass
- Multi touch technology with gesture recognition
- Sleek slimline design
- Fast response
- Long life
- Low energy
- High grade camera touch technology

Why replace existing projectors with Interactive LED Touchscreens?

- No Calibration needed
- No replacement lamps
- No shadowing
- Brighter & clearer
- Higher resolution (True HD - 1920 x 1080p)
- Less energy
- Lower installation cost
- Built in speakers / audio amps
- Multi touch / gesture support (especially important with Microsoft Windows 8)
- Longer life

Our Guarantee

As the original manufacturer, Commbox guarantees the latest screen technology and the most affordable pricing.

CommBox optional Moveable Stand

CommBox optional Tilt/Table Stand

CommBox optional AV Rack Stand

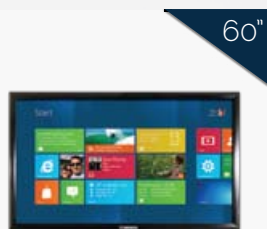

CommBox optional Motorised Stand

commNOTE transforms presentations for presenters and participants. Use it to present wirelessly with an iPad or Android and mirror your screen to every participant's device. Attendees can view and capture your slides on their device and collaborate with each other in real-time.
